SUMMARY

Passionate and driven aspiring Junior Developer with a solid foundation in HTML, CSS, JavaScript, and React. Eager to leverage my skills and knowledge to contribute to dynamic web development projects. With a background in computer science and a keen eye for design, I strive to create engaging and user-friendly web experiences. As a detail-oriented individual, I am committed to writing clean and maintainable code. With a strong foundation in version control using Git and GitHub, I am well-versed in collaborative development workflows and comfortable working in a team environment.
